Notes

- Part number: ASNA0064, a dash, then a diameter digit, two grip digits and two material or finish digits.
- Material and finish suffixes seen: 30 = NAS letter C (stainless), 31 = CW (stainless, cadmium plated), 20 = M (Monel), 21 = MW (Monel with cadmium W, by analogy). Others are not explained by our sources.
- The unit of the size digits is not stated by any source, so this card gives the partner number and no size. Do not size a hole from this card; use the partner's data sheet.
