LPS 3 — rust inhibitor

A corrosion inhibitor is a thin film left on metal to keep water out.

Schematic

Designation

Item	Value
Designation	LPS 3
Class	Chemicals
Type	rust inhibitor

Data from the guide

Item	Value
Product	LPS 3 Premier Rust Inhibitor
Type (as sold)	Soft waxy self-healing film
Specification stated	MIL-PRF-16173E Grade 2 Class 1 (distributor)
Source of the claim	Distributor listing; LPS data sheet

Distributor listings and maker pages, not the full data sheets. Claims such as two years of protection are the makers' and are not independent test data.

Notes

- **Distributor listings.** We did not read the full maker data sheets for these products.
- **Maker claims** such as two years of protection are the makers' own.
- **Compatibility with sealants and rubber** is not covered; use the AMM.
