MS24665 — cotter pin, carbon steel and CRES

Pin, Cotter, Carbon Steel and Corrosion-Resistant Steel: part numbers and the sizes commonly stocked.

MS24665

Specification

Item	Value
Type	Cotter pin
Material	Carbon steel and corrosion-resistant steel, by number (see rows)
Status	Check the current issue before design use.

How to read the part number

Part	Meaning
Format	MS24665-<dash>
Example	MS24665-132 — 1/16 in diameter, 1/2 in long, carbon steel

Notes

- Diameter and length are those of the listing, in inches (fractions as printed). A dash in the length column means the length is not legible in the listing.
- In the listing, each row gives the number of the same diameter and length in the MS24665 and AN series, side by side.
