NAS1101 screw — flat fillister, fully threaded

Screw, Machine, Flat Fillister Head, Full Thread, Offset Cruciform Recess: thread sizes, lengths and commonly stocked part numbers.

NAS1101

Specification

Item	Value
Head	flat fillister, fully threaded
Drive	offset cruciform recess
Status	Check the current issue before design use.

Part numbers and lengths

.1380-32 2 part numbers

Part no.	Length, in
NAS1101-06-6	.375
NAS1101-06-8	.500

.1640-32 1 part numbers

Part no.	Length, in
NAS1101-08-8	.500

.1900-32 7 part numbers

Part no.	Length, in
NAS1101-3-7	.438
NAS1101-3-8	.500
NAS1101-3-9	.563
NAS1101-3-10	.625
NAS1101-3-12	.750
NAS1101-3-16	1.000
NAS1101-3-20	1.250

Notes

- Dash number: thread code (06 = .1380-32, 08 = .1640-32, 3 = .1900-32), then length in sixteenths of an inch.
- The distributor catalogue prints .1360 for code 06. #6-32 is .138 in MIL-HDBK-5J Table 8.1.5(b1), so .1380 is shown here.
- Part number written as the listing writes it; the standard governs the exact format.
- Approved data governs. Use the screw the SRM, drawing or IPC calls for.
